Media Advisory

All 5 Campuses of Southeast Kentucky Community & Technical College to be Designated StormReady® Supporters

WHAT: Officials from the National Weather Service in Jackson, KY will designate all five campuses of the Southeast Kentucky Community and Technical College as StormReady® Supporters during a brief ceremony on the SKCTC Cumberland Campus.

WHEN: 2:00 PM EST Friday, February 26, 2016

WHERE: Cumberland Campus of Southeast Kentucky Community & Technical College
700 College Road
Cumberland, KY 40823

Join officials from the National Weather Service in Jackson, KY along with Southeast Kentucky Community and Technical College staff as we designate all five campuses as StormReady® Supporters. Achieving the StormReady® Supporter designation is an important step in ensuring the safety of students and staff before, during and after severe weather strikes. We will also discuss the importance of severe weather safety and preparedness during the ceremony.

StormReady®, a program started in 1999 in Tulsa, OK, helps arm America's communities with the communication and safety skills needed to save lives and property, before and during a severe weather event. No community is storm proof, but StormReady® can help communities and universities save lives.

For more information about StormReady®, and other NOAA National Weather Service programs, please visit the NOAA National Weather Service website at www.weather.gov, the StormReady® website at www.weather.gov/stormready, or locally, the Jackson NOAA National Weather Service website at <http://www.weather.gov/jacksonky>.
